

alba 55/70 – all in one

Design Roland Meyer-Brühl

Whether a compact sofa or a generously-sized corner suite: alba opens up a world of possibilities. The version alba 55/70 – all in one offers seat depths that are fully adjustable from 55 to 70cm and integrated headrest mounts for padded headrests. In addition, there are alba's many combinable elements and configuration options that can be used to create the right living room solution for almost all requirements, such as: three different seating comfort levels – soft, springy or firmer – and a choice of side elements and seat heights as well as base frame solutions. An extensive collection of fabric or leather covers perfects the alba modular concept range. All fabric covers are removable.

Left: Corner solution covered in brilliantly coloured velour with folding armrests e. Bottom: Sofa with armrests e and deep pile chenille covers, back cushions made from a durable upholstery material and seat cushions with an integrated sprung core.

comfort class – all in one

A timeless, modern design and outstanding craftsmanship as well as the use of top-quality materials ensure that the alba 55/70 – all in one seating solutions are durable classics that also last for decades in terms of their aesthetics. This corner solution consisting of a long chair with a movable

side rest element and an add-on sofa is completed by a matching armchair. Cognac-coloured leather covers, narrow armrests and a soft seating comfort level look casual and elegant. The floating feet are height-adjustable.

Ordering information alba 55/70 – all in one

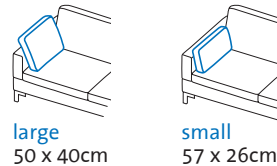

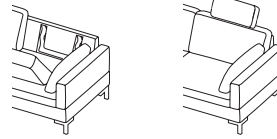

Integrated headrest mounts

An integrated, tiltable headrest mount is concealed behind each **alba 55/70 – all in one** backrest cushion; the armrest pad or also the optional armrest bolster can be inserted here to serve as a headrest.

The headrest mount and footrest finish always matches the foot finish, i.e. polished chrome or black powder-coated.

Armrest pads **large** or **small** version

Each side element (except on the armchairs) always comes with an armrest pad. These are available in a **large** and a **small** version. Both armrest pad versions and the optional armrest bolster can be used as headrest cushions for the integrated headrests.

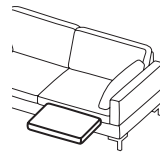

Optional footrest

Each **alba 55/70 – all in one** seat (not the long chair and not on the open-end) can be equipped with an **integrated, extendable** and **tiltable** footrest. Please state with each order whether the footrest is required in front of the **right-** or the **left-hand side**.

The headrest mount and footrest finish always matches the foot finish, i.e. polished chrome or black powder-coated.

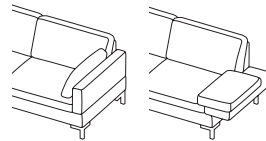

Footrest size: 42 x 42cm
Price covered in fabric/leather **920**

Lowerable side element **e** **e+**

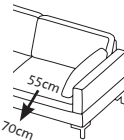

The side elements **e** and **e+** can be lowered down into a fully horizontal position.

Dimension increase when one side element is lowered **e+20cm**, **e+30cm**.

Seat depth

alba 55/70 – all in one seat base features extendable seats; the seat depth is therefore fully adjustable between 55 and 70cm.

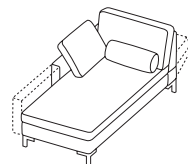

Optionally, it is also possible to **reduce the seat depth by 3cm**. This can either be achieved through:
- a thicker backrest cushion, **additional charge per cushion 135**
- or a separate ergonomic cushion, item no. **35582, additional charge per cushion** covered in fabric **230**, in leather **300**

Long chair with movable armrest and recliner mechanism

The long chair's movable armrest can generally not be lowered.

Regardless of the side element version, the long chair's armrest can always be moved along the sofa's entire length; however, it cannot be lowered.

Armrest width 5cm with side element **h**, 10cm with side element **c d d+ e** and **e+** 15cm with side element **g**

The backrest is fully adjustable and can be lowered into a reclining position (not fully horizontal) with the aid of a gas spring mechanism.
Lowering the backrest adds another +30cm to the stated dimensions.

Recommended retail price in € valid from 15 July 2025

Construction

Firm seating comfort (1a):

Wooden base frame, serpentine springs, premium-quality polyurethane foam wrapped in fleece, covers removable

Relaxed/soft seating comfort (1b):

Wooden frame, seat cushion made of high-quality polyurethane foam core, overlay with soft filling, quilted in chambers

Firm seating comfort with spring core (1c):

Wooden frame, encased spring core with fleece cover, seat core made of high-quality polyurethane foam with fleece cover

Alternative sizes

alba 55/70 – all in one is not available in alternative sizes.

Dimensions

All dimensions stated are approximate.

All designs on the alba price list are shown with side element **e**.
The additional widths stated vary depending on the chosen side element:
Side element **g** results in a width of **+15 cm** per side element
Side element **h** results in a width of **-5 cm** per side element.

Seat versions

Firm seating comfort (1a):

All fabric covers removable

All leather upholstery on carcass fixed, cushion covers removable

Relaxed/soft seating comfort (1b):

All fabric covers removable

All leather upholstery on carcass fixed, cushion covers removable

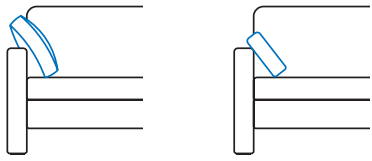

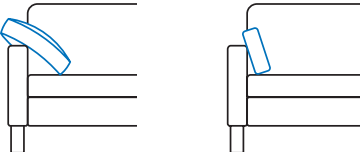

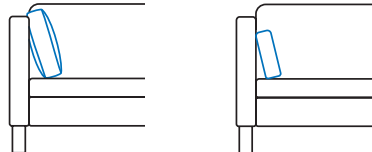

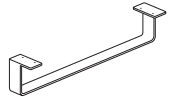

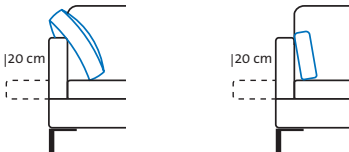

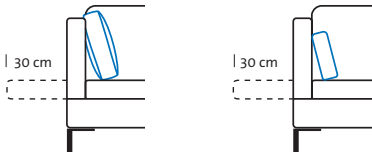

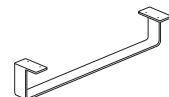

Firm seating comfort with spring core (1c)

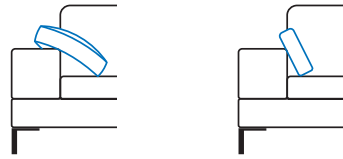

All fabric covers removable

All leather upholstery on carcass fixed, cushion covers removable
